EDUCATION

McGill University - Faculty of Engineering **Montreal, Canada**
B.Eng. Computer Engineering Expected Grad: 2028

- McGill Athletic Scholarship recipient and Vancouver District Scholarship recipient.
- Relevant Coursework: Probability & Statistics, Linear Algebra, Differential Equations, Signals & Systems, Algorithms & Data Structures.

MARKETS & TRADING EXPERIENCE

Independent Futures Trading & Market Research

- Analyze and trade Nasdaq-100 futures using structured market analysis, predefined execution criteria and disciplined position sizing.
- Backtest intraday futures strategies using historical market data to assess performance across changing volatility, liquidity and market conditions.
- Conduct detailed post-trade analysis to evaluate execution quality, risk/reward and recurring market patterns, using findings to refine trading decisions.

WORK EXPERIENCE

ATS Traffic Pte Ltd **Singapore**
Engineering Intern - Project Operations May 2026 - Aug 2026

- Supported 4 live infrastructure projects, assisting with system testing, troubleshooting and operational problem-solving across active project environments.
- Worked with engineering teams on 20+ system checks and technical documentation tasks, supporting issue resolution, compliance and time-sensitive project delivery.

Alta Construction Group **Montreal, Canada**
Financial Analysis & Client Development Jan 2025 – April 2025

- Built financial models across 5+ property projects, supporting pricing, forecasting and commercial decision-making.
- Engaged 100+ prospective buyers and brokers through outbound outreach, negotiation and follow-up, contributing to the successful execution of a property resale transaction.

Compass Group **Singapore**
Finance Data Analyst Intern May 2025 - Aug 2025

- Built 5+ Power BI dashboards for the finance team, analyzing financial and operational data across 6 key KPIs to monitor performance trends and business drivers.
- Reduced manual reporting time by approximately 20 hours per week by streamlining recurring analysis and reporting workflows, improving the speed and quality of information available to finance stakeholders.

Cremerworkz Pte Ltd **Singapore (Remote)**
Data Analyst Intern - Finance & Procurement Nov 2024 - May 2025

- Analyzed financial, procurement and vendor data for a major global food-services client, identifying spending trends and supporting commercial decision-making.
- Integrated SAP purchasing data into Power BI reporting workflows to monitor procurement activity, supplier performance and purchasing trends.

ATHLETICS & ACHIEVEMENTS

McGill University - Redbird Men's Swimming **Montreal, Canada**
Former Varsity Swimmer & McGill Record Holder

- 2024 Canadian Olympic Trials Bronze Medalist; 4x U SPORTS individual finalist and team bronze medalist; Canada Games Gold and Bronze Medalist; Quebec Age Group Record Holder.
- Competed for McGill while completing Computer Engineering, previously training 20+ hours per week alongside academic commitments.
